NSPE Chapter Chair Update

Jennifer Currie, CHIM

This past year has been a busy one for your Chapter Committee. Transitioning to the new Chapter Model from our previous Provincial Association (NSHIMA) has been both a rewarding and challenging experience.

The CC Committee has been very active learning many things as we move forward with the Chapter Model. As you can see from the list on the first page, we have participated in and been represented at many meetings and events this past year.

I would personally like to thank each and everyone who participated in this first year on the Chapter Committee. Your time and efforts have gone a long way to making this transition much easier.

Also, our Chapter would like to extend a huge thanks to Chapter Liaison, Christine Bolduc. Without your continued support and knowledge, this year would have been much more difficult to navigate.

As we approach our second year, we say good-bye to some of our CC members and welcome a new one. We are able to have a maximum of 8 members on the Chapter Committee, and I would encourage all of our members to consider volunteer opportunities with the Chapter. Ideally, it would be

great to maintain representation on the Chapter Committee each year from both Nova Scotia and Prince Edward Island.

As well the CC Committee would like to encourage members to consider helping with other aspects of the Chapter such as education or our webpage. The need for volunteers is always there. Being a member-driven Association, we welcome the input and knowledge that our members could provide.

If you are interested in volunteering or if you have any comments or questions, please feel free to contact your Chapter at our email address (NSPEchapter@echima.ca)

Jennifer Currie, CHIM
Chair, NSPE CHIMA Chapter

Did you know....

That each of the new CHIMA Chapters offer CPE sessions to all members?

As part of the Chapter Model, each CHIMA Chapter across the country will offer CPE sessions each year, both free and for-fee to members.

Regardless to which Chapter you belong, you are able to register for these sessions from other Chapters. This provides a great opportunity for any members across the country to have access to free CPE sessions all year.

Visit the CHIMA webpage and check out the calendar for upcoming events.
